

BEACON 360° 360° Wide Area LED Light

The Beacon360 is an incredibly bright LED area light that casts light in 360° and upwards, illuminating entire rooms and entire work areas, **up to 50' in every direction.**

Ideal for construction, military, first responders and shutdowns, the Beacon360 is durable, rugged, easily transportable and will provide the lighting power you need instantly, every time.

Replace any 400W metal halide light with the Beacon360 for a safer and smarter lighting solution in any application. Far superior to the Wobblelight®, the BEACON 360° utilizes the latest advancements in LED technology to provide a bright, uniform light in a rugged, yet compact portable design.

KEY FEATURES

- Lightweight and easily portable.
- LEDs will last over 50,000 hours.
- No bulb replacement required.
- Rated for outdoor use.
- Instant start-up, at full output, even in cold temperatures.
- Rugged heavy-duty construction.
- Customizable light output settings.

KEY BENEFITS

- Safer working environment.
- Lower total cost of ownership.
- Reduced downtime on job sites.
- Energy saving device for a greener footprint.
- Extremely versatile light for multiple applications.

INDUSTRIES/APPLICATIONS

- Construction
- Maintenance
- General contractors
- Emergency responders
- Military
- Events

SPECIFICATIONS	
VOLTAGE	120/240 V AC • 60 Hz
WATTAGE	120W
LIGHT TEMPERATURE	4500K (bright white light • no blue tint)
LUMENS	14,000 (equivalent usable light of a 400W metal halide) 7,000 at half power
LED LIGHT EXPECTANCY	Integrated LED chip rated for over 50,000 hours
CONSTRUCTION	Cast aluminum housing, polycarbonate lenses
SWITCH	Three-way rocker switch (on/off/50%)
DIMENSIONS (light head)	Height: 14" • Diameter: 6"
WEATHERPROOF RATING	IP64

PATENTED

No bulbs. No heat. Instant start-up. Bright light everywhere, every time.
