

Norton Clipper CM35 - Masonry Saw

Masonry saws 110 Electric single phase 2.20 Norton Clipper CM 35

Artical Number: 70184607578

EAN: 5450248760610

SizeDerived:

Description

The CM35 might well be the smallest member of the masonry saw family but it is by no means the least powerful. This robust and sturdy machine will cut through a wide array of building materials such as roof tiles, bricks, and blocks with the same high level of performance you come to expect from all Norton Clipper products. The CM35 also features a pendular cutting head that facilitates efficient step cutting, helps preserve the blade and increase its life. This machine is electric, meaning that no harmful emissions are released into their air or into the operator's lungs during its operation. Better yet, the dust extraction port makes cutting even cleaner by removing the vast majority of the dust produced in the cutting process (when combined with a vacuum cleaner).

Features & Benefits

Ergonomically designed to fit into small spaces

Pendular cutting head that allows efficient step cutting and a longer blade life

Dust extraction port facilitates a cleaner cutting process, making it ideal for indoor working

Adjustable legs make the machine more stable and improves operator comfort

Application Data

Material Application: BUILDING MATERIALS

Machine: Masonry Saw

Process: Cut-Off

Equipments:

Technical Data

Height:	683 mm	Engine type:	OTHER
Length:	781 mm	Noise power:	
Width:	508 mm	Side of cut:
